

Chester & North Wales C.C. – 09/08/14

Mrs Di Brown

My thanks to Chris & Peter for the judging invitation, it was a pleasure to be here and as always the hospitality was excellent.

A.C. British or Manx Premier Male

GD PC – McColl's GD CH & PR FERGAN BEAU BRUMMEL)BRI n 03) MN 10/04/12. A handsome lad but hiding away not showing himself today, he looked a whole lot larger and more substantial out of his pen. Good head type with fairly full cheeks and a well rounded muzzle, ears small, rounded at the tips, set well apart and fitting the rounded contours of the head well, short broad nose, firm chin and level bite. Round eyes, expression good with mid gold colour. Body cobby and weighty with good depth to chest, short limbs and medium length tail to balance. Black and white patches to coat with white to just over the third in proportion, black patches sound, white inverted "v" to face and patches on tummy across the chest and neck, a little over the shoulder and some on all four limbs with fully coloured tail. Coat short and reasonably dense although a little soft in texture today and losing hair. A sweet boy who although very shy handled well. Excellently presented.

A.C. British or Manx Premier Female

GD PC – Fitzgerald's PR WAYDANKES LADY BELLA (BRI g 03) FN. 09/06/08. A mature and well balanced lady neuter of very good type. Round head with good broad skull and medium sized ears that are nicely rounded at the tip and set well apart, full cheeks and a well rounded muzzle, short nose, firm chin and level bite. Open expression to eyes of deep gold. Strong cobby body with short limbs and medium length tail with rounded tip. Attractive balance between blue cream and white patches, mid blue patches almost sound, cream patches pale and minimal for ghosting, white patches to just under half with inverted 'v' to face, a good deal down the neck and across the chest, on tummy and on all four limbs with fully coloured tail. Coat short and dense with a hint of crispness. A friendly lady who was excellently presented.

R – Springlett's PR KOLINGA BALENCIAGA (BRI a) FN 10/06/08. Another mature lady neuter, very good British type and is cobby and substantial. Strong round head with medium sized ears set well apart, nice full cheeks and well rounded muzzle, short nose, deep chin and level bite. Round eyes, open and expressive with mid gold colour. Super weighty cobby body, short strong limbs and medium length tail. Mid blue coat, a little tipping evident but otherwise blue to roots, short and very dense though a little soft in texture today. Excellent to handle and excellently presented.

A.C. Siamese or Balinese Grand Premier

IMP – Johnson's GD PR SULALAYA ICEWARRIOR (SIA m 21) MN 18/08/11. A large but elegant neuter boy of very good type. Longer wedge, top line okay but could be marginally wider for balance, ears large and very well set. Oriental eye shape and set with bright mid blue colour. Profile almost straight with firm chin and

level bite. Well defined neck-line and a long substantial but elegant body with excellent tone for a neuter, well tapered tail to almost balance. Mid lilac-based caramel tabby points, some brownish over-tones evident on ears and the tail rings, of which there are many, with good scarab, cheek tracings and very pale bracelets, thumb prints barely discernable. Short close coat with excellent texture, and with the bare minimum of shading to tone. Excellent to handle and presented in immaculate condition.

R – Ryan’s GD PR RIDESTAR SEVERN SUNRISE (BAL d 21) MN 20/06/12. A big strong and handsome Bali chap. Medium length wedge with very good top of head, ears fairly large and well furnished, set to balance. Good profile, chin and bite, bit of a pinch to muzzle today. Oriental eye shape and set, can widen at times, better when relaxed, colour bright mid blue. Long weighty body with strong boned limbs and large tufted paws, tail needs an inch to balance. Rich bright red tabby pointst with tail rings just about seen today, coat good for length, though plume could be better furnished, texture very fine and silky, some quite heavy shading over back to tone. The sweetest temperament and excellently presented.

British Black Adult Male

BOB – McColl’s CH FERGAN BOOGIE WOOGIE (BRI n) M 03/04/12. A young handsome male, somewhat rangy at present but has lovely size and substance to him. Strong round head with full cheeks and very good width between fairly small ears that are rounded at the tips and set to follow the contours of the head. Round eyes with good open expression and mid gold colour. Rounded forehead and short broad nose, chin lines up and the bite is level. Adolescent body with chest still to broaden, short strong limbs and tail with rounded tip to balance. Jet black coat that was sound to roots, nice and short but could be denser and a little crisper but given the time of year was fine. Excellent temperament, he handled really well. Excellently presented.

British Black Adult Female

CC - Wright’s JOANDTO SWEET CHARITY (BRI n) F 25/07/13. An attractive young queen, still very much big kitten and as such is a little out of balance overall with head small and out of proportion to the body, but having said that she is what you might expect at this age and thus acceptable for the certificate. Good for type with neat rounded head, cheeks slight as yet but nicely rounded in the muzzle with medium sized ears set well apart. Short nose and firm chin with level bite. Very good open expression to eyes, colour a mid gold that ideally could be a little more intense in tone. Good weight to slightly rangy body, short limbs and medium length tail to balance. Jet black coat, sound to roots, short and reasonably dense with a hint of crispness to it. A sweet tempered lady excellently presented.

British Cream Adult

CC & BOB – Brownlow’s LOHAVA CAPTAIN JACK SPARROW (BRI e) M 07/07/13. A handsome young male with some very good qualities, but he was extremely difficult to handle and I was only able to have the briefest look at his bite without risking my fingers. Round head with good strength for a youngster, full cheeks and slight jowls, rounded muzzle, nose short and broad with a deep strong chin, bite appeared to be level. Round eyes of mid gold colour. Very good weight to body with a short strong neck and good breadth to chest, limbs short and strong with good tail. Pale sandy-toned cream coat, almost clear with minimal ghosting and

virtually sound, marginally long but dense and fairly crisp in texture. He was really feeling his feet today and I do hope he settles because he is a very nice boy. Excellently presented.

British Black Neuter

PC & BOB – Prout's GD CH FERGAN MAGIC SPELL (BRI n) FN 20/07/09. A mature lady neuter of very good type, compact and cobby all round. Well rounded head with good width to skull, ears medium in size and well set. Round eyes, open and expressive with deep gold colour. Rounded forehead and short nose, chin lines up with the nose tip and has good depth, bite level. Strong body type, short limbs and rounded paws, medium length tail with rounded tip. Excellent coat qualities, it was jet black and sound to roots, very short, dense and crisp in texture. A lovely lady, obviously embarking on a new career as a neuter, and she should do well. Excellent temperament and presentation.

British Black Silver Tabby Neuter

PC & BOB – Hatton's VINMAR SILVA-BENJI (BRI ns 22) MN 10/07/13. An attractive male neuter, still a big baby but promises to be very nice when he has finished. Broad head with very good width to skull, ears medium in size and he does have a tendency to flatten them at times, but setting good, cheeks slight as yet and he tends to puff out his whisker pads. Short broad nose, firm chin and level bite. Very good expression to eyes, round and open with paler gooseberry green colour. Body a tad long and rangy at present but has very good substance, short limbs and medium length tail with rounded tip. Super tabby pattern, jet black and well defined with minimal brindling, all key element present, good butterfly, three even and evenly spaced spine lines, large round complete oysters, multi necklaces and bracelets with tiny spots to toes. Coat very short but could be denser and crisper. A sweet natured lad, excellently presented.

A.C. Colourpointed (inc Cinnamon & Fawn) British Neuter Male

BOB – Wardle's IMP GD PR ADATESH BLUE SNOWMAN (BRI a 33) MN 20/02/08. I just love this chap, he such wonderful size and substance, and the most enormous paws. Super type too, with broad round head, full cheeks and well rounded muzzle. Round eyes excellent for expression and the colour is impressive for this breed, a really good blue. Huge cobby body, very strong boned limbs and the aforementioned yeti paws, medium length tail with rounded tip. Mid blue points well matched, just the tail a fraction darker, coat quite heavily shaded but he is not a youngster, texture not quite right today is was rather long and soft and could be denser, - probably the weather. Amazing temperament, such a sweetie and I bet he is a joy to own. Excellently presented.

A.C. Colourpointed (inc Cinnamon & Fawn) British Neuter Female

As considered for BOB – Wood & Broadway's PR PARRADAZY MADDISON (BRI c 21 33) 12/05/12. A neat and tidy lady neuter of overall good type. Well rounded head with fairly full cheeks, ears are a touch large for balance but have good width between. Rounded forehead and short nose, deep strong chin, bite somewhat under unfortunately. Round eyes open and expressive with clear blue colour. Body compact and cobby with short limbs, tail to balance with rounded tip. Pale pinky-toned tabby points with well defined tail rings. Magnolia coat almost unshaded but a

little long and soft in texture today. Sweet tempered and easy to handle, excellently presented.

Oriental Black Adult

CC & BOB – Entwistle’s GABLME AREZZO ROMA (OSH n) F 15/09/13. Gorgeous girl, stylish and elegant. Super head, balanced and even with lovely top and very large flyaway ears set to follow. Haughty expression to eyes of bright mid green. Marginal dip to nose, chin lines up and the bite is level. Long slender but weighty body, long spidery limbs with neat oval paws, excellent length whippy tail to balance. Glossy black coat that was sound to roots, short sleek and very close-lying. Perfect temperament, really knows how to show herself. Excellently presented.

Oriental Blue Adult

BOB – Keoghan’s CH ADERSTAR VODOO CHILD (OSH a) F 19/01/13. Stylish lady of very good type and maturity. Medium length wedge with very good top of head, ears large, nicely flared and set to balance. Profile a touch uneven with marginal dips above the brow line and centre nose, good firm chin and level bite. Long elegant neck with a long well toned and weighty body, long elegant limbs and tail to almost balance. Mid blue coat, rather unsound today but clear of ghosting, and the length and texture is excellent. A friendly girl, excellently presented.

Havana Kitten

1st & BOB – Jones’ MESBELLES MADEMOISELE COCO (OSH b) F 31/03/14. An attractive kitten of overall good type and well grown for her age. Medium length wedge, top line perhaps a tad narrow but ears large and well set. Basic eye shape good but can hold wide at times, better when she relaxes and the colour is good. Almost straight profile, firm chin and level bite with teething pinch to muzzle. Long weighty and firm toned body, good whip tail. Darker Havana coat, but with some warmth of tone and sound to roots, good for length and close in texture. Excellent temperament and presentation.

Oriental Black Kitten Male

1st & BOB – Masters’ ENIGMATIC HES SOVAIN (OSH n) M 05/03/14. A very stylish lad who shows himself well, and like his name, is very well aware of his attractiveness. Excellent head with wide top line and very large ears excellently set. Snooty expression to eyes of mid green. Slight dip to nose good depth to chin and level bite. Excellent coat, short sleek and gloss jet black that was completely sound to roots. I did find a few paler hairs in his arm pits, which should have been tidied up – Exhibitor please note, as I would hate for this lovely boy to have his awards withheld in future because of this. Perfect temperament.

Oriental Back Kitten Female

1st – Bill & Yates’ MAZPAHS BLACK PEARL (OSH n) F 13/04/14. A very young baby, good for type, perhaps a tad small as yet but has good weight for size. Neat medium length wedge, top line okay and her ears are large and nicely set. Oriental eye shape and set with mid green colour. Dip to profile centre nose, chin rounds of somewhat and the bite is scissored over at present. Medium length body with good tone, dainty limbs and paws, long whippy tail. Soft fine baby coat as yet and so is a slightly dull black, but very sound and good for length. A very sweet person, excellently presented.

Oriental Black Neuter

PC & BOB – Caney’s MERRYTAIL NOAH (OSH n) MN 02/08/11. A large strong neuter boy of good type. Longer wedge with good top of head, ears large and well set but with a tendency to hold high at times. Oval eye shape with gentle expression and clear mid green colour. Slight dip to profile, firm chin and level bite, slight pinch to muzzle. Super long strong and well toned body, long strong-boned limbs and oval paws, tail well tapered and almost balances all that body length. Super coat, short sleek and glossy black, lying very close to body and completely sound. Handled well and was presented in immaculate condition.
