

Eastern Longhair & Semi-Longhair CC - 03/01/15

Mrs D Brown

My sincere thanks to Sally for the judging invitation, I had such a good day. This was my very first engagement to judge Persians, but any feelings of trepidation were quickly dispelled as I had so many very nice cats to judge, it was an absolute pleasure. A real baptism of fire, I was asked to chose Best Persian kitten, and my clear choice was Wainfur's SUGARTUMP HISSEXISONFIRE, a stunning red male who I note was also Best Kitten in the other show, many congratulations. My thanks also to my super efficient steward, he was perfect with the cats and excellent company, I hope he will steward for me again soon.

Breed Class

Tortie or Chocolate Tortie & White Kitten

1st & BOB – Gledhill's CLOVERHILL DANCING DOLL (PER f 03) F 17/09/14.

What an excellent start to the day! a super baby, promising for type and very well grown for her age. Round head and rounded brow with good width between neat small rounded-tipped ears that were nicely furnished, short nose with full nose leather, good cheeks and rounded muzzle with no pinch, strong chin, bite almost level. Eyes round and fairly bold, colour still developing and as yet is slightly muddy in tone, but a mid orange colour beginning to show through. This baby has very good weight and substance to her medium length body, she also has very good bone, paws large and with long toe fronds, short brush to balance that was well furnished for age. Predominantly white she has very attractive jet black and deep slightly muted red patches to the face - which also shows some white, and a fully coloured tail. Very good length of coat for a baby, with frilling around her face over the shoulders and sides, it was very fine and soft in texture, beautifully prepared and pristine. An absolute sweetie to handle.

Miscellaneous Classes

A.C. Persian Self Adult

1st – Wainfur's CH GIRABEL VALENTINA (IMP) (PER F) F 25/03/13.

Gorgeous female for overall type and balance. Super head, beautifully rounded with excellent width between small rounded tipped ears that have long delicate furnishings and are set wide and low on the skull. Excellent expression to eyes with brilliant orange colouring. Rounded forehead and short nose with full nose leather, full cheeks and muzzle, deep chin, bite almost level. Very good Persian body type, strong and weighty, stands low on short limbs with good bone, round tufted paws, tail a little short and somewhat sparsely furnished in comparison to the rest of her coat, which is long full and fine, and excellent for texture. Very attractive black tortie colouring with good distribution of deep red apart from one foot that is almost solid, sound to the roots. A lovely out-going girl, perfectly groomed and presented.

2nd – Haines' CH PICTUREBOOK SPACE ODDITY (PER w 63) M 11/09/13

A beautiful boy, excellent size and substance for a youngster and with good maturity for age. Round head with full cheeks and muzzle, gently rounded top to the head with

very good width between neat rounded-tipped ears that have long delicate furnishings, and fitting head his just right. Eyes round and open in expression, colour shows one mid orange and one with good depth of a very definite blue. Short broad snub nose with full pink nose leather, deep chin, bite marginally under. Strong masculine body, excellent for weight and substance with good breadth to chest, stands low on short strong boned limbs with large round well tufted paws, short well furnished brush tail to balance. Pristine white, beautifully prepared coat that is long fine and has excellent volume to it, framing his face and frilling over his shoulders and down over his chest. Excellent temperament and condition.

3rd – Haines' GD CH PICTUREBOOK BOLLERO (PER w 62) F 11/09/13.

Lovely size and substance to this white lady of very good type. Round head with very good fullness to her cheeks, excellent width to the top of the head although a couple of bumps evident, neat rounded-tipped ears with long furnishings, beautifully set low on the head. Rounded brow, short snub nose with full pink nose leather, strong chin, bite almost level. Excellent open expression to eyes of brilliant orange colour. Weighty medium length body, good bone to limbs, short well furnished brush tail. Coat pristine white, beautifully prepared, long and thick and full with fine silky texture, frames her face well and frills over the shoulders and down the chest. A friendly girl who showed herself well. Excellently presented.

A.C. Persian Self Breeders Kitten

1st – Wainfur's SUGARTUMP HISSEXISONFIRE (PER d) M 31/05/14. A gorgeous boy, very well developed for his age and lovely type, and he looks like a male. Super head, round with very good width between his dear little ears that have long paler red furnishings and round tips, and are set low on the skull. Rounded forehead, short snub nose with full pink nose-leather and firm chin, bite marginally under at present. Lovely round eyes with bold expression and a deep orange colour that is still developing. Excellent weight and substance to body with good bone to limbs, large round well tufted paws, short fully plumed brush to balance. Coat length very good for age, an almost even rich red with no ghosting and sound to the roots, very fine and silky in texture, with paler ruff around the face and neck, frills over shoulders and down the chest, beautifully groomed and prepared. Excellent outgoing temperament, showed himself very well, excellently presented.

A.C. Non-Self Non-Breeders Neuter

A super class of neuters

1st – Brock's PR BARRKUDOS DREAMSCRIPT (PER ns) MN 14/06/11. A well balanced male of very good type, whilst not the largest of males he has very good substance and weight. Round head with very good width between his neat small rounded-tipped ears that have long silvery furnishings and are well set apart, rounded forehead, short snub with full black nose leather, full muzzle and cheeks, firm chin, bite almost level. Round eyes with lovely expression, colour intense mid copper. Short strong neck, medium length cobby body with excellent weight and tone, stands low on short strong boned limbs with large well tufted paws, short well furnished brush to balance. Jet black top coat of good overall length, texture very fine and silky with plenty of volume, just over the one third ash-white under-coat on the body and sides with full silvery ruff over shoulders and down the chest, excellently prepared and presented. Excellent temperament

2nd – Brock’s GD PR PURRDREAMZ DON DIEGO ZORRO (70 12a1t) MN 14/08/13. Very good size and substance to this male neuter. Strong round head with super full cheeks and muzzle, ears could be a tad smaller for perfect balance but they are nicely rounded at the tips and have very good width between. Well rounded forehead, short nose with stop, brick red nose leather fully formed. Short neck, strong weighty body of medium length, very good bone to his short limbs and a tail to balance. Dense back tabby pattern on fairly warm toned ground, showing all the key elements, with well defined butterfly, three even spine lines, and large well rounded oysters to sides, good rings to tail. White markings to the minimum required, on all four limbs and under tummy, with a very even white inverted “v” to face, tail fully coloured. Coat length good, fine and very silky in texture, it lacks a dense undercoat and thus lies a little flat against the body. Excellent to handle.

3rd – Rawley’s GD PR JENZJEWELS MACKENZIE (13b11) MN 23/12/12. A big strong male neuter of very good type. Well rounded head with breadth to skull, and small round-tipped ears set well part and low. Rounded forehead, short broad nose of even width with full pink nose leather, full cheeks and muzzle, firm chin, bite almost level. Round eyes, rather sleepy looking and could be a little more bold in expression but a good clear blue in colour. Short strong neck and body, the latter with excellent substance, super short strong boned limbs with large froned paws, short full brush to balance. Well defined tabby tracings to points, “classic” based by the look of his body shading, light pattern runs over the top of the skull and he some brindling to the base of the tail, tail rings not very obvious until shaken out. Coat long and fine in texture with full ruff to neck and shoulders, it stands well away from the body and is fine and soft in texture, medium body shading to tone with the points. A friendly chap beautifully prepared and presented.

Household Pets

AV IMP Grand Master Cat Female

O – Stanton’s IGMC DIBDABS (Semi-Longhair Seal Colourpoint) FN 3 Years. What a lovely girl, very large and imposing, and she has such a dignified expression to her mid blue eyes. Deep warm-toned seal points and a creamy coloured lightly shaded body, coat beautifully prepared and immaculately groomed. Outstanding temperament and deserving of this high award.
